New Classes

Intro To Music Theory

This course is a fundamental course to learn the basics of musical theory, covering concepts such as musical notation as well as scales and keys.

[Register](#)

Harmonics

Harmonics covers the concepts of sound and how specific sounds combined creates a chord. The user will need to have an understanding of musical Theory for this course.

[Register](#)

Song Writing

This introductory class is meant to teach the skills needed to write songs and harmonies in a variety of styles

[Register](#)

Djembe

Discover the Djembe. This introductory focuses on techniques of drumming with one of Africa's most popular percussion instruments.

[Register](#)

Classical Trio

From Vivaldi to Bach, this advanced level class examines compositions for piano, violin, and cello. The focus on the class will be to compose a piece of music for the trio.

[Register](#)

Syncopation

The use of syncopation in compositions can be challenging but ultimately rewarding. This class examines the techniques used to add texture to your compositions.
